Fax: (847) 984-5696

Dear Pet Owner:

We are pleased to provide the information you requested about our Spay/Neuter Assistance Program for dogs and cats in Lake County through the DAS Charitable Fund and participating animal hospitals. Our objective is to make these services available to qualified pet owners and reduce the number of unwanted cats and dogs in Lake County.

To make the best use of our limited resources and for this program to be successful, the following conditions must be met:

- ❖ You must be a current Lake County resident.
- ❖ You must provide proof of household income and dependent information to determine eligibility. We will accept the following as proof of household income:
 - Current paycheck stub;
 - Current unemployment check stub;
 - Copy of letter from housing/leasing agency indicating subsidized housing is provided;
 - Copy of Medicaid card;
 - Copy of most recent Disability Statement;
 - Supplemental Security Income (SSI) letter indicating monthly income, or current bank statement indicating deposit amount from Supplemental Security Income (SSI); or
 - Income Verification Form or written documentation on letterhead from employer if wage earner(s) is working for cash.
- ❖ Only pets under five (5) years of age are eligible for the program.
- ❖ Limit one animal per household per year.
- ❖ Your pet must have a current rabies vaccination and be registered prior to, or at the time of surgery.
- ❖ If your pet is approved for the program you will be mailed the following:
 - A voucher with an imprinted seal which is valid for forty-five (45) days and will note the expiration date.
 - A list of participating animal hospitals. It is your responsibility to call and set up a surgery appointment for your pet.
 - Information on low cost vaccinations that are only offered to the pet that is participating in the program.
- ❖ When making your surgery appointment, identify yourself as a participant in the Spay/Neuter Program. Ask if there are any additional fees for surgical costs or any required pre or post surgical services. Every attempt has been made with participating animal hospitals to make sure that all surgical costs are kept to a minimum.
- ❖ The list of participating animal hospitals is not an endorsement of one particular animal hospital or of the entire list. The Lake County Health Department accepts no responsibility for the quality of the veterinary services rendered in this program.
- ❖ The generosity of the DAS Charitable Fund and participating animal hospitals make these services possible. Please make every effort to keep your appointment.
- ❖ We reserve the right to drop or deny animal owners from the program if they are thought to be deceiving or abusing the program.

If you have any additional questions, please leave a message at (847) 377-8029 and we will return your call.

NAME _____
